

Warranty: Piko® Thermal Cyclers

The Piko® Thermal Cyclers are warranted against defects in materials and workmanship for 2 years from the date of purchase. Any defect that occurs during this warranty period will be repaired, or the system replaced, without charge and at the discretion of Finnzymes or its local affiliates. Repairs that occur outside the warranty period will be charged for parts, labor and shipping. Fulfillment of warranty obligations is the responsibility of the company that represented and sold the Piko Thermal Cyclers. For specific information regarding warranty coverage please contact this company directly. The following defects are excluded from warranty coverage:

- Repairs or modifications made by anyone other than BioVentures, Finnzymes Oy or its affiliates.
- Defects caused by improper packaging of returned goods. If necessary, please contact to receive new shipping materials prior to shipment and instruction for proper shipment.
- Defects caused by improper use of the Piko Thermal Cyclers, whether deliberate or accidental in nature.
- Damage caused by use of improper materials, including tubes, plates or sealers not designed and approved for the Piko Thermal Cyclers, or solvents and agents (such as radioactivity or biohazardous agents) not approved for use or allowable for public shipment.
- Damage caused by flooding, fire or other disaster.
